

Upon the urgent and vigorous solicitation of many friends in all parts of the County, who intimately know me and understand my attitude in favor of clean politics, clean candidates and a faithful performance of public duty in accordance with the oath of office, and my position favoring rational and progressive legislation, I finally consented to the announcement of my name as a candidate for Representative from this County to the Ohio Legislature. If you favor this platform of principles, and disapprove of graft in every form, I earnestly request your support and your influence. I pledge myself that my every act shall be guided and influenced only by the best interests of all the people of the County and the State.

Thanking you in advance for your favorable consideration of my candidacy and again assuring you that it shall be my constant aim, if nominated and elected, to so serve you, that I may merit and retain your confidence and good will, I am

Yours truly,

JOHN W. A. STAUDT,

AT CITY HALL

At the meeting of the board of public service yesterday Water Works Superintendent Chiger was instructed to construct a fifty foot water main on Washburn avenue.

The clerk was instructed to notify the N. O. T. company to repair the joints in its track on South Market street and also on Navarre street at the R. and O. crossing within three days. The clerk was instructed to request the company to be sufficiently courteous to take notice of the communications by replying.

The city engineer submitted an estimate of the cost of reconstructing the storm water sewers about the public square so to better drain the square during heavy rains. The estimated cost is \$117.25. The board will confer with the N. O. T. company and county commissioners relative to having them share the expense.

The city engineer was instructed to notify Wise, Wilson and Smith to commence work on the Navarre street paving and Charles street improvement at once as the board intends enforcing the time limit.

its representatives to meet with the board on the proposition. The Sun Vapor company was also told to discontinue its gas and gasoline service June 1.

ALLEGED GAMBLERS NOT PROSECUTED

For want of prosecution the charge of maintaining a gambling house, made against Edward L. Puhlman and William H. Finhel by D. E. Hobstetter, was yesterday dismissed by Justice Barrick. The costs, it is said, were paid by the defendants to the action.

Subsequent to the filing of the affidavit in Justice Barrick's court a civil suit was filed by Hobstetter, through his attorneys, Sponseller and Sponseller, in common pleas court for \$1400, \$900 of which it is alleged was lost in the defendants' games. This action is still pending but there are rumors abroad that a settlement out of court may preclude any hearing of the case.
